GLASS LEWIS SUPPORTS ENZO NOMINEES FOR COMPANY'S BOARD OF DIRECTORS

Leading Proxy Voting Advisory Firm Rejects Dissident Lone Star's Nominees, Citing Lack of any Plan and Calling into Question Activist's Commitment to Enzo, While Acknowledging Enzo's Strong Progress

*Glass Lewis Recommends Shareholders Vote on **WHITE** Proxy Card to Reelect Gregory Bortz and Dov Perlysky*

New York – December 23, 2015 – Enzo Biochem, Inc. (NYSE: ENZ) ("Enzo") today announced that Glass Lewis, a leading independent proxy voting advisory firm, has recommended that Enzo shareholders vote on the **WHITE** proxy card to elect both of Enzo's two nominees for the Company's Board of Directors: **Gregory Bortz** and **Dov Perlysky**.

In recommending that shareholders reject the nominees from activist investor Lone Star Value, Glass Lewis supported the Company's current strategy while criticizing the lack of value that Lone Star's candidates would bring to Enzo's Board of Directors. In particular, Glass Lewis notes:

*"We believe the Company has provided a **detailed and well-reasoned plan** to confront significant challenges in the industry and that it appears to be **making strong progress** toward achieving its strategic objectives. The Dissident has **not provided any suggestions to improve the business, nor has it offered a clear explanation for what strategic priorities** it might pursue were its nominees to be appointed to the board. The Dissident holds a very small ownership position in the Company and appears to have been actively trading its position, including selling a significant number of shares in recent months, **drawing into question its commitment, in our view.**"¹*

Glass Lewis also highlights the superior value that Enzo's incumbent nominees, Gregory Bortz and Dov Perlysky bring to the Company's Board, stating:

*"Both Management Nominees are **independent** and appear to provide **qualifications and experience that are of value to the board**, in our view. We do not believe appointing the Dissident Nominees would improve the overall qualifications, independence or functioning of the board and we believe the incumbent board **should be provided additional time to oversee the strategic transition** of the Company and to improve corporate governance."²*

Enzo urges shareholders to follow the Glass Lewis recommendation and use the Company's **WHITE** proxy card to vote for the Board's nominees and in accordance with the Board's recommendations on the other proposals, as soon as possible, by telephone or Internet, or by signing, dating, and returning the enclosed **WHITE** proxy card in the postage-paid envelope provided, whether or not they plan to attend the Annual Meeting.

About Enzo Biochem

Enzo Biochem is a pioneer in molecular diagnostics, leading the convergence of clinical laboratories, life sciences and intellectual property through the development of unique diagnostic platform technologies that provide numerous advantages over previous standards. A global company, Enzo Biochem utilizes cross-functional teams to develop and deploy products systems and services that meet the ever-changing and rapidly growing needs of health care both today and into the future. Underpinning Enzo Biochem's products and technologies is a broad and deep intellectual property portfolio, with patent coverage across a number of key enabling technologies.
