("Enzo Diagnostics", "Enzo Therapeutics" and "EnzoLabs", respectively). For the fiscal years ended July 31, 1995 and 1994 (fiscal 1995 and fiscal 1994, respectively), approximately 30% and 23%, respectively, of the Company's operating revenues were derived from product sales and approximately 70% and 77%, respectively, were derived from clinical reference laboratory services.

The Company's principal executive offices are located at 60 Executive Boulevard, Farmingdale, New York 11735, and its telephone number is (516) 755-5500.

RISK FACTORS

In evaluating the Company and its business, prospective purchasers of the Shares offered hereby should consider carefully the following factors in evaluating the Company and its operations:

Litigation with Calgene, Inc. In March 1993, the Company filed suit in the United States District Court for the District of Delaware charging patent infringement and acts of unfair competition against Calgene, Inc. and seeking a declaratory judgment of invalidity concerning Calgene, Inc.'s antisense patent. On February 9, 1994 the Company filed a second suit in the United States District Court for the District of Delaware charging Calgene with infringement of a second antisense patent owned by the Company. Calgene has filed a counterclaim in the second Delaware action seeking a declaration that a third patent belonging to the Company is invalid. The two Delaware actions have been consolidated and were tried to the Court in April 1995. In addition, the Company filed suit on March 22, 1994 in the United States District Court for the Western District of Washington against Calgene and the Fred Hutchinson Cancer Research Center, alleging that the defendants had conspired to issue a false and misleading press release regarding a supposed "patent license" from Hutchinson to Calgene, and conspired to damage the Company's antisense patents by improperly using confidential information to challenge them in the Patent Office. The Complaint further charges that Hutchinson is infringing and inducing Calgene to infringe the Company's antisense patents. On February 2, 1996, the Delaware Court issued an opinion ruling against Enzo and in favor of Calgene, finding certain Enzo claims infringed, but the patent as a whole did not infringe, and finding the claims at issue invalid for lack of enablement. Calgene's patent was found valid (non-obvious) over the prior art. On February 29, 1996, the Delaware Court issued an Order withdrawing its February 2, 1996 opinion. Enzo intends to appeal from any adverse judgment. There can be no assurance that the Company will be successful in any of the foregoing matters or that Calgene, Inc. and/or Hutchinson will not be successful. However, even if

5

the Company is not successful, management does not believe there will be a significant monetary impact.

Competition; Technological Advances by Others. Competitors engaged in genetic engineering in the United States and abroad are numerous and include, among others, major pharmaceutical, energy, food and chemical companies, as well as specialized genetic engineering firms. Many of the large corporations which are involved in genetic engineering have substantially greater resources than the Company and have the capability of developing products which compete directly with the Company's products. Genetic engineering has undergone, and is expected to continue to undergo, rapid and significant technological change. New developments in recombinant DNA, monoclonal antibody and other biotechnological processes are expected to continue at a rapid pace in both industry and academia. Although the Company believes that its products will be commercially viable, no assurance can be given that other developments will not render the Company's products uneconomical or obsolete, or that the Company's products can be marketed successfully.

Shares Eligible for Future Sale. Registration statements filed by the Company with the Securities and Exchange Commission had been declared effective with respect to significant amounts of the Company's Common Stock. Sales of Common Stock pursuant to such registration statements may have an adverse effect on the market price of the Common Stock.

Uncertainty of Product Development. The products being pursued by the

Company are at various stages of development and clinical evaluations and may require further technical development and investment to determine whether commercial application is practicable. There can be no assurance that the Company's efforts will result in products with valuable commercial applications.

Uncertainty of Patent Protection; Proprietary Technology. The Company has filed applications for United States and foreign patents covering certain aspects of its technology, but there is no assurance that pending patents will issue or as to the degree of protection which any issued patent might afford. The Company also utilizes certain unpatented proprietary technology. There is no assurance that others may not independently develop similar technology.

Retention of Key Personnel. The specialized scientific nature of the Company's business requires the Company to attract and retain personnel with a wide variety of scientific capabilities. To a large extent, the Company's success in developing proprietary technological products has been the result of the effective efforts of the Company's internal scientific staff and its experience and talent. Since its inception an insignificant number of key employees have left the Company. The Company has elected not to pursue the purchase of key man insurance on any of its officers. There can be no assurance, however, that the Company will continue to attract and retain personnel of high scientific caliber.

Laws and Regulations. In order to manufacture and market therapeutic and diagnostic products, prior clearance of regulatory agencies, in particular the FDA and similar agencies in other countries, must be obtained. The Company has an in-house regulatory department to assist in the preparation and filing of documentation to expedite FDA approvals and patent issuances. The process of obtaining FDA and corresponding foreign approvals is likely to be costly and time consuming, and there can be no assurance that such approvals will be granted. The process of obtaining approvals for noninvasive diagnostic products is significantly less stringent than approvals for therapeutic products. The

6

extent of potentially adverse government regulations which might arise from future legislation or administrative action cannot be predicted.

USE OF PROCEEDS

None of the proceeds from the sale of the shares by the Selling Stockholders will be received by the Company, except that with respect to the proceeds from the sale of the shares owned by the City of New York, to the extent the proceeds from such sales, after deduction of brokerage and other direct costs of such sale exceed \$2,950,000, the Company shall be entitled to such proceeds.

SELLING STOCKHOLDERS

The following table sets forth certain information, as of the date hereof, with respect to the Shares held by each Selling Stockholder.

The Creditors were issued the 347,468 shares of Common Stock (giving effect to the Company's 5% stock dividend payable on October 29, 1996 to holders of record on October 8, 1996) being offered by them hereby in August 1996 and in October 1996 in exchange for the cancellation of an aggregate of \$4,928,916 owed or to be owed by the Company to them. The Company is currently incurring additional indebtedness to certain of the Creditors who continue to render legal services to the Company. The shares offered hereby by the Creditors were received in cancellation of indebtedness owed or owing to each Creditor incurred in connection with legal, public relations or investment banking services performed or to be performed for the Company, in satisfaction of insurance premium obligations presently incurred or due in the future and in satisfaction of actual obligations to the City of New York. The number of shares of Common Stock issued in exchange for the indebtedness was negotiated between the Company and each of the Creditors. None of the Selling Stockholders is an affiliate of the Company. The shares offered by this Prospectus may be offered from time to time by the Selling Shareholders named below.

Item 15. Indemnification of Directors and Officers.

ARTICLE V of the Registrant's By-Laws provides as follows:

Section 1. Indemnification-Third Party and Derivative Actions.

(a) The Corporation shall indemnify any person made, or threatened to be made, a party to an action or proceeding (other than one by or in the right of the Corporation to procure a judgment in its favor), whether civil or criminal, including an action by or in the right of any other corporation of any type or kind, domestic or foreign, or any partnership, joint venture, trust, employee benefit plan or other enterprise, which any director or officer of the Corporation served in any capacity at the request of the Corporation, by reason of the fact that he, his testator or intestate, is or was a director or officer of the Corporation, by reason of the fact that he, his corporation, partnership, joint venture, trust, employee benefit plan or other enterprise in any capacity, against judgments, fines, amounts paid in settlement and expenses (including attorneys' fees) incurred in connection with any such action or proceeding, or any appeal therein, provided that no indemnification may be made to or on behalf of such person if (i) his acts were committed in bad faith or were the result of

his active and deliberate dishonesty and were material to such action or proceeding or (ii) he personally gained in fact a financial profit or other advantage to which he was not legally entitled

(b) The Corporation shall indemnify any person made, or threatened to be made, a party to an action by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that he, his testator or intestate, is or was a director or officer of the Corporation, or is or was serving at the request of the Corporation as a director or officer of any other corporation of any type or kind, domestic or foreign, or of any partnership, joint venture, trust, employee benefit plan or other enterprise, against judgments, fines, amounts paid in settlement and expenses (including attorneys' fees) incurred in connection with such action, or any appeal therein, provided that no indemnification may be made to or on behalf of such person if (i) his acts were committed in bad faith or were the result of his active and deliberate dishonesty and were material to such action or (ii) he personally gained in fact a financial profit or other advantage to which he was not legally entitled.

II-1

(c) The termination of any civil or criminal action or proceeding by judgment, settlement, conviction or upon a plea of nolo contendere, or its equivalent, shall not in itself create a presumption that any such person has not met the standard of conduct set forth in this Section 1.

(d) For the purpose of this Section 1: (i) the Corporation shall be deemed to have requested a person to serve an employee benefit plan where the performance by such person of his duties to the Corporation also imposes duties on, or otherwise involve services by, such person to the plan or participants or beneficiaries of the plan; and (ii) excise taxes assessed on a person with respect to an employee benefit plan pursuant to applicable law shall be considered fines.

Section 2. Payment of Indemnification; Repayment

(a) A person who has been successful, on the merits or otherwise, in the defense of a civil or criminal action or proceeding of the character described in Section I of this Article V shall be entitled to indemnification as authorized in such Section.

(b) Except as provided in paragraph (a) of this Section 2, any indemnification under Section I of this Article V, unless ordered by a court, shall be made by the Corporation only if authorized in the specific case:

(i) by the Board of Directors acting by a quorum consisting of directors who are not parties to the action or proceeding giving rise to the indemnity claim upon a finding that the director or officer has met the standard of conduct set forth in Section I of this Article V; or

(ii) if a quorum under the foregoing clause (i) is not obtainable or, even if obtainable, a quorum of disinterested directors so directs:

(A) by the Board of Directors upon the opinion in writing of independent legal counsel that indemnification is proper in the circumstances because the standard of conduct set forth in Section I of this Article V has been met by such director or officer, or

(B) by the shareholders of the Corporation upon a finding that the director or officer has met such standard of conduct.

(c) Expenses Incurred by a director or officer in defending a civil or criminal action or proceeding shall be paid by the Corporation in advance of the final disposition of such action or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount in case he is ultimately found, in accordance with this Article V, not to be entitled to indemnification or, where indemnity is granted, to the extent the expenses so paid exceed the indemnification to which he is entitled.

(d) Any indemnification of a director or officer of the Corporation under Section I of this Article V, or advancement of expenses under paragraph (c) of this Section 2, shall be made promptly, and in any event within 60 days, upon the written request of the director or officer.

II-2

Section 3. Enforcement; Defenses. The right to indemnification or advancement of expenses granted by this Article V shall be enforceable by the director or officer in any court of competent jurisdiction if the Corporation denies such request, in whole or in part, or if no disposition thereof is made within 60 days after written request by the director or officer. Such person's expenses incurred in connection with successfully establishing his right to indemnification, in whole or in part, in any such action shall also be indemnified by the Corporation. It shall be a defense to any such action (other than an action brought to enforce a claim for the advancement of expenses under

Section 2 of this Article V where the required undertaking has been received by the Corporation) that the claimant has not met the standard of conduct set forth in Section I of this Article V, but the burden of providing such defense shall be on the Corporation. Neither the failure of the Corporation (including its Board of Directors, its independent legal counsel, and its shareholders) to have made a determination that indemnification of the claimant is proper in the circumstances, nor the fact that there has been an actual determination by the Corporation (including its Board of Directors, its independent legal counsel, and its shareholders) that indemnification of the claimant is not proper in the circumstances, shall be a defense to the action or create a presumption that the claimant is not entitled to indemnification,

Section 4. Survival, Savings Clause; Preservation of Other Rights.

(a) The foregoing indemnification provisions shall be deemed to be a contract between the Corporation and each director and officer who serves in such capacity at any time while these provisions, as well as the relevant provisions of the New York Business Corporation Law, are in effect and any repeal or modification thereof shall not affect any right or obligation then existing with respect to any state of facts then or previously existing or any action or proceeding previously or thereafter brought or threatened based in whole or in part upon any such state of facts. Such a contract might not be modified retroactively without the consent of such director or officer.

(b) If this Article V or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the Corporation shall nevertheless indemnify each director or officer of the Corporation against judgments, fines, amounts paid in settlement and expenses (including attorneys' fees) incurred in connection with any actual or threatened action or proceeding, whether civil or criminal, including any actual or threatened action by or in the right of the Corporation, or any appeal therein, to the full extent permitted by any applicable portion of this Article V that shall not have been invalidated and to the full extent permitted by applicable law.

(c) The indemnification provided by this Article V shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any by-law, agreement, vote of shareholders or directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director or officer and shall inure to the benefit of the heirs, executors and administrators of such a person. The Corporation is hereby authorized to provide further indemnification if it deems advisable by resolution of shareholders or directors, by amendment of these by-laws or by agreement.

Section 5. Insurance. The Corporation may purchase and maintain insurance:

(a) to indemnify the Corporation for any obligation which it incurs as a result of the indemnification of directors and officers under the provisions of this Article V,

II-3

(b) to indemnify directors and officers in instances in which they may be indemnified by the Corporation under the provisions of this Article V, and

(c) to indemnify directors and officers in instances in which they may not otherwise be indemnified by the Corporation under the provisions of this Article V, provided that the contract of insurance covering such directors and officers pursuant to the foregoing paragraph (c) of Section 4 of this Article V shall provide, in a manner acceptable to the superintendent of insurance, for a retention amount and for co-insurance, and provided, further, that no insurance under this Article V may provide for any payment, other than the cost of defense, to or on behalf of any director or officer if a judgment or other final adjudication adverse to the insured director or officer establishes (i) that his acts of active and deliberate dishonesty were material to the cause of action so adjudicated or (ii) that the director or officer personally gained in fact a financial profit or other advantage to which he was not legally entitled.

Section 6. Indemnification of Persons not Directors or Officers of the Corporation. The Corporation may, by resolution adopted by the Board of Directors of the Corporation, indemnify any person not a director or officer of the Corporation, who is made, or threatened to be made, a party to an action or proceeding, whether civil or criminal, by reason of the fact that he, his testator or intestate, is or was an employee or other agent of the Corporation, against judgments, fines, amounts paid in settlement and expenses (including attorneys' fees) incurred in connection with such action or proceeding, or any appeal therein, provided that no indemnification may be made to or on behalf of such person if (i) his acts were committed in bad faith or were the result of active and deliberate dishonesty, and such acts were material to such action or proceeding, or (ii) he personally gained in fact a financial profit or other advantage to which he was not legally entitled.

Section 7. Retroactivity. The right to indemnification conferred by this Article V shall be retroactive to events occurring prior to the adoption of

this Article V to the fullest extent permitted by law.

Article 12 of the Registrant's Certificate of Incorporation provides as follows:

"12. No director of the Corporation shall be liable to the Corporation or its shareholders for damages for any breach of duty in such capacity, provided that nothing contained in this Article shall eliminate or limit the liability of a director (i) if a judgment or other final adjudication adverse to him establishes that his acts or omissions were in bad faith or involved intentional misconduct or a knowing violation of law, or that he personally gained in fact a financial profit or other advantage to which he was not legally entitled, or that his acts violated Section 719 of the New York Business Corporation Law or (ii) for any act or omission prior to July 8, 1988."

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate

jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
